INSTRUCTIONS

1. This form is to be rendered within 48 hours after the event in all cases of accidental or self-inflicted injuries to an officer or soldier involving:

(*a*) death,

(*b*) absence from duty for 48 hours or more, or

(*c*) absence from duty of less than 48 hours when the medical officer should invariably be consulted as to whether the injury may be the exciting cause of disability later.

(*d*) in all accidents involving personnel whether there is evidence of injury or not.

2. A separate form is to be used in respect to each individual affected.

3. This form is to be rendered notwithstanding the holding of a court of inquiry or investigation. If a court of inquiry is held a copy of this form is to be included in the proceedings.

4. Full statements are to be taken by an officer from the witnesses of the accident or, where there was no witness, from any persons to whom the injured officer or soldier may have mentioned his injury immediately after the occurrence. These statements, when obtainable will be signed by the persons making them, and by the officer who takes them, and will be forwarded with this form. Where it is intended to take disciplinary action, duplicates of these statements should be retained by the unit for use in lieu of a summary of evidence.

5. Where it is possible to obtain it, a statement from the injured officer or soldier will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.

6. This form will be prepared in triplicate, one copy to be retained by the unit and the two other copies to be forwarded to N.D.H.Q., through the usual channels. Where a Court of Inquiry is held the copies to be forwarded to N.D.H.Q. will be attached to the proceedings.

SPECIAL INSTRUCTIONS AS TO EVIDENCE IN CASES OF SELF-INFLICTED WOUNDS

7. In these cases the statements mentioned in paragraphs 4 and 5 above should bring out all material points, e.g., statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

8. An officer or a soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under section 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under section 18 for wilful maiming.
