Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. June 2nd 1916.
10. Place of origin of disability. Ypres.
11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case. Having been 8 months in the metal sheeted gun pits in charge of gun crew at the front in France. noticed a haemorrhage from left ear & a ringing in left ear & at times a bad headache. The haem. & ringing increased until he had to leave the gun pits & go out on telephone work, then on June 2nd was wounded by shell fragments on left leg & at same time a piece of shrapnel penetrated his steel helmet shattering it but not causing any ext. wound. Treated at first dressing station Zillebeke, then to 13 stationary, Boulogne for 7 days, then to 1st Eastern Genl Hosp Cambridge for 2 weeks then to 1st Eastern Hosp for special ear treatment for 2 months then to Canadian Convalescent Epsom
12. (a) Give your opinion as to the causation of the disability. several ringing in left ear from concussion from heavy gun fire
- (b) If you consider it to have been caused by wounds received or illness contracted (1) in the presence of the enemy (2) on active service, explain the specific conditions to which you attribute it. (See notes on page 3). 1 yr

* Loss of teeth on, or immediately after, active service, should be attributed thereto, unless there is evidence that it is due to some other cause.
 † Delete this word if no exceptions are to be made.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
 (iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Article 591 to 598 of the Canadian Pay and Allowance Regulations as amended G.O., 57, May 1st, 1915).
 (iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (a) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

(b) If due to one of these causes, to what specific condition do the Board attribute it?

21. Has the disability been aggravated by
 (a) Intemperance?
 (b) Misconduct?

22. Is the disability permanent?

23. If not permanent, what is its probable minimum duration?
 To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

In defining the extent of his inability to earn a livelihood, estimate it at $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$, or total incapacity.

25. If an operation was advised and declined, was the refusal unreasonable?

26. Do the Board recommend
 (a) Fit for duty?
 (b) Fit for light duty?
 (c) Invalided to Canada?
 (d) Discharge as permanently unfit
