Proceedings of a Medical Board on the Soldier mentioned in Part I.

Clear and decisive answers are to be given to all questions. Such terms as "may," "perhaps," "probably," "possibly," are not to be employed. Disability due to causes arising on Active Service is to be clearly shown in order that the Pensions Authorities may deal with the case properly.

11. Is the disability fully indicated in Part I. (1)? **NO.**

If not, indicate it.

Tubercle of lung.

12. Is the cause of the disability, fully indicated in Part I. (2)?

If not, indicate it.

Infection and Exposure.

13. Was the disability caused or aggravated by— (a) Negligence of the Soldier { Caused? **NO.** Aggravated? **NO.** } (b) Misconduct of the Soldier { Caused? **NO.** Aggravated? **NO.** }

14. THE ENTIRE DISABILITY.—Without regard to his regular occupation, to what extent is his capacity lessened at present for earning a full livelihood in the general market for untrained labour? (Estimate at none, 10%, 20%, 30%, 40%, 50%, 60%, 70%, 80%, 90%, or 100%)

not applicable.

15. THE PENSIONABLE DISABILITY—(see Part I. (3). Aggravation on Active Service of a disability existing previous to joining is to be included in the estimate).

What part of the entire disability estimated next above in (14) is due to causes arising during Active Service? (Estimate at none, $\frac{1}{3}$, $\frac{2}{3}$, $\frac{3}{4}$, or all.)

not applicable.

16. Permanency of the Pensionable Disability estimated next above in (15).

(i.) Is it permanent? **not applicable.**

(ii.) If not permanent, what is its probable minimum duration (in months)? **not applicable.**

17. If an operation was advised and declined, do you consider the refusal to have been unreasonable? **not applicable.**

18. Remarks. **There is no evidence to show that invalid had T.B. before enlistment. M.A.S. says that at Moore B. Hospital, between 5-11-16 and 16-12-16, sputum was repeatedly examined for T.B. and always negative, and XRay showed no evidence of disease of chest. On June 21st. 1917 sputum was Positive xx for T.B. Wev therefore must conclude that he has contracted the disease since enlistment, and disagree with opinion expressed in questions 3 and 4.**

19. Recommendation:—(a) Fit for duty? **NO.**

(b) Fit for base duty? **NO.**

(c) Invalid to Canada? **YES.**

(d) Discharge from service as permanently unfit? **NO.**
