From the 8th Coy.

To the 59th Battalion CEF.

I have the honor to report that while in my dugout on the morning of the 17th instant CSM Ineson came to me and reported that # 237500 Pte Bolter had accidentally shot two men while cleaning his rifle in a dugout. I immediately proceeded to the dugout and took statements from the wounded men which I enclose herewith, also statements from other men who were present. Immediately after the accident CSM Ineson took the rifle and found an empty round in the chamber & the cut off only partially closed. This was due to the fact that it worked stiff and apparently had not been oiled for some time. CSM Ineson tried to close the cut off but it would go no further and upon closing the bolt another round went into the chamber.

The two wounded men were

On 17.1.17 at about 10. A.M. I was sent for in my dugout and told there was an accident in No. 16 Platoon. I went over to the dugout and found two men wounded 769887 Plt Nicolls A. in the right arm and left leg. and 485058 Plt Gallant J. in the left hand both apparently by gun shot. I asked how the wounding had occurred and 237500 Plt. Bolter, C. J. answered that he had done it that he was cleaning his rifle and thinking the cut off was closed he had closed his bolt and the rifle had discharged, wounding the two men. I examined the rifle and found the cut off was only partially closed. It was very stiff. ~~While the men were being attended to and their wounds dressed I notified Capt Eager and the men were then sent to the dressing station and required hard pressure to completely close. This was because of lack of oil on the rifle while the men were being attended to and their wounds dressed I notified Capt Eager. The men were sent to the dressing station.~~
