A/L/Cpl. Arthur Emet BOOTH, No. B.73482

Canadian Army

ESTATES BRANCH JAN 20 1944 H.Q. OTTAWA DEFENCE

it is necessary that the requisite information regarding the deceased and his relatives should be furnished on the inside of this form in strict accordance with the printed instructions. The particulars required are to be carefully filled in and the Declaration on the back should then be signed in the presence of a Clergyman, Priest, Local Magistrate, Commissioner for Oaths or Notary Public, who should be asked to complete and sign the Certificate. This form should then be returned to the above address.

A deceased's Service estate, the administration of which is the responsibility of the Estates Branch, consists of any balance of pay and allowances at credit, cash on hand and the personal effects which are under the control of the Service authorities. To obtain such assets, it is not necessary for the person(s) legally entitled thereto to obtain through the Courts Probate of the Will, or if none, Letters of Administration of his estate.

In addition to the administration of those Service assets, the Administrator of Estates is authorized to withdraw into Government account any funds (within a defined amount) on deposit to the deceased's credit in Banks, Post Offices or other financial institutions in Canada and Overseas, without expense or trouble to the person(s) legally entitled to the estate, and to distribute such funds at the same time as any balance of pay is distributed. Also, War Savings Certificates and Victory Loan Bonds owned by the deceased may be redeemed and similarly distributed, or transmitted into the name(s) of the person(s) legally entitled. Such Certificates and Bonds should not be forwarded to the Administrator of Estates until they are requested.

If there are other assets which necessitate an application for Probate or Letters of Administration, the Administrator of Estates may transfer and hand over the Service assets to the executor or administrator appointed by the Court so that all the estate, Service and otherwise, may be dealt with as a whole.

The information given by you on Pages 2 and 3 of this form is therefore of importance in determining whether or not the deceased's assets are such that they may all be administered by the Administrator of Estates to the person(s) legally entitled, that is, without the need for Probate or Administration.

If there is insufficient space for complete particulars to be given opposite any question on Pages 2 and 3 of this form, the space under "additional remarks" on page 4 should be used.

INSTRUCTIONS

(1) The present form of certificate has been drawn up after consultation between the Dominion Bureau of Statistics and representatives of leading bodies in the medical profession. It has been approved by the Vital Statistics Section of the Canadian Public Health Association and also by the Deputy Registrar of births, deaths and marriages of each province.

(2) **Nationality.**—Nationality is defined as the country to which the person owes allegiance. The term "Canadian" should be used as descriptive of every person who has rights of citizenship in Canada. Every person born in Canada should be entered as "Canadian" unless he or she has subsequently become a citizen of another country.

(3) **Racial Origin.**—Racial Origin will be described by stating to what people or race the deceased person belonged, whether English, Irish, Scottish, French, German, etc. **(The term "American" or "Canadian" should not be used, as they express citizenship but not a race or people.)**

(4) **Occupation.**—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits may be known. An entry should be made in this section for every person aged 10 years or over. If the deceased has retired from business, the occupation prior to retirement should be reported. Children not gainfully employed may be returned as **at school** or **at home.** For a woman whose only occupation was that of home housework, the entry should be **housewife.** For a person engaged in domestic service for wages, however, designate the occupation by the appropriate terms, as **servant—private family, cook—hotel,** etc. For a person who had no occupation the entry should be **none.**

In stating the occupation, avoid the use of such indefinite terms as "employee," "worker," "operative," etc. The particular kind of work done should be stated clearly as **spinner, weaver,** etc.

In stating the industry or business the use of such general terms as "store," "factory," "mill," etc., should be avoided. The particular kind of store, factory, mill, etc., should be stated as **grocery store, soap factory, cotton mill,** etc.

The different kinds of engineers should be carefully distinguished by giving the full descriptive titles, as **civil engineer, mechanical engineer, mining engineer, stationary engineer,** etc. The term "labourer" should be avoided when a more precise statement of the occupation can be secured. The word "mechanic" should not be used but the exact occupation, as **carpenter, painter, machinist,** etc. A careful distinction should be made between **retail merchants** and **wholesale merchants.** The term "clerk" without qualification should always be avoided. A person who sells goods should be called a **salesman.** A stenographer, typist, accountant, bookkeeper, cashier, etc., should be reported as such, never as a "clerk".

(5) **Physician's Statement of Cause of Death.**—The morbid conditions relating to death are divided on the certificate into two groups. In Group I are those related to the "Immediate Cause" of death, and in Group II, those not causally related thereto. In most cases a statement of cause under Group I will suffice. Detailed certification is not desired, the entry of a single cause being preferable in all cases where this can be regarded as adequate (See Example I), but where the physician finds it necessary to record more than one cause it is important that these be stated in the position provided on the form as indicative of their mutual relationship. This information is sought so that the selection of the cause for tabulation may be made in the light of the certifier's viewpoint:—

(a) Name first the "Immediate Cause" of death, i.e., the disease, injury or complication which caused death (not mode of dying or terminal condition).
(b) Then give other morbid conditions (if any) of which it was the consequence, in order of causal relationship (due to) stating the most recent one first and then others in order.
(c) Entries under Group II should be reserved for "other important contributory morbid conditions" in those instances particularly in which death was due to a combination of maladies, none of which would have been fatal alone. In such cases the physician's judgment alone can afford guidance to the tabulator.
(d) Use always accepted terms for morbid conditions and never record mere symptoms.
(e) **Maternal Deaths.**—Qualify all diseases resulting from childbirth, miscarriage or abortion by the word "Puerperal," e.g., puerperal septicaemia. Distinguish between septicaemia originating in abortion and in childbirth.
(f) **Cancer.—In all cases the organ or part first affected should be specified.**
(g) **Violent Deaths.**—Coroners, medical examiners and physicians who certify to deaths from violent causes should always clearly indicate the fundamental distinction of whether the death was due to **accident, suicide** or **homicide,** and then state the manner and nature of injury. The circumstances of each accident should be stated as fully as possible, e.g., an **automobile accident** should always be designated as such.

The following examples illustrate the essential principles in the use of the form.

I.	Example 1	Example 2	Example 3	Example 4	Example 5
Immediate Cause	(a) Lobar pneumonia	(a) Pulmonary tuberculosis	(a) Acute peritonitis	(a) Bronchopneumonia	(a) Uraemia
