Statement of Case.

Note.—The answers to the following questions are to be filled in by the Officer in medical charge of the case. In answering them he will carefully discriminate between the man's unsupported statements and evidence recorded in his military and medical documents. He will also carefully distinguish cases entirely due to venereal disease.

9. Date of origin of disability. March 25th 1916.

10. Place of origin of disability. Ypres. Belgium.

11. Give concisely the essential facts of the history of the disability, noting entries on the Medical History Sheet bearing on the case.

This man was blown up at Ypres, March 25th 1916. No previous history of any ear trouble. Since then has been very deaf, with recurrent discharge from both ears. Entered West Cliff Hospital July 12th 1916, No improvement in hearing, nor is any likely.

12. (a) Give your opinion as to the causation of the disability.

Shell shock.

(b) If you consider it to have been caused by wounds received or illness contracted (1) in the presence of the enemy (2) on active service, explain the specific conditions to which you attribute it. (See notes on page 3).

as above.

13. What is his present condition?

*Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.*

Deafness very pronounced, so much as to render him unfit for service. Otherwise alright. See attached special report.

SPECIAL REPORT ON:

Pte. Pennac A.  
19939.  
11th Reserve Battalion.

This man's deafness is a combination of middle ear and nerve deafness, chiefly nerve deafness, which is all the result of active service conditions. No previous history of any ear trouble until subject to severe concussion in March 1916. At present membrane is thickened and retracted in each, bone conduction much shortened in each. Hears ordinary voice at 2-ft in each ear. Would expect little improvement and would consider him unfit for any service.

Opinion of the Medical Board.

NOTES.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as it is essential that the Members of the Pensions and Claims Board should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pensions vary according to whether the disability is attributed to wounds or injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Article 591 to 598 of the Canadian Pay and Allowance Regulations as amended G.O., 57, May 1st, 1915).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

20. (a) State whether the disability is the result of injuries received or illness contracted, (1) in the presence of the enemy, (2) on active service.

1 Yes  
2 Yes

In defining the extent of his inability to earn a livelihood, estimate it at  $\frac{1}{4}$ ,  $\frac{1}{2}$ ,  $\frac{3}{4}$ , or total incapacity.
