D.117506 Sgt. EDMISTON, A.J.
6th Cdn Dental Coy.

The m/n N.C.O. is suffering with cancer of the throat. His medical officer thinks that he will probably not live more than three or four months.

2. The matter came to attention by a telephone call asking if the soldier could be discharged in the U.K. Apparently it was thought that he would be discharged because he is category "E".

3. It appears now, however, that he requires active medical treatment, chiefly by being kept under the influence of narcotic drugs. It seems, therefore, that he will not be discharged but will be kept under treatment so long as he lives.

4. He is married, his wife living in Paisley, Scotland. A.M.D.2. suggests that he be transferred to a British hospital in the vicinity of Paisley.

5. I can see no objection to this being done as it will not cost us any more and will obviously be the best possible arrangement for the N.C.O. and his wife.

Dear Sir

I am writing this to you regarding the case of my husband Sgt. A. J. Edmiston D117506 Canadian Dental Corps. A year ago while serving in England he reported sick with a sore throat to his medical officer. He was told he had a touch of laryngitis and sent back to work. This continued of and on until at the end of February he asked to see a throat specialist which was done, but while awaiting that report he was sent out in the field from where he eventually was admitted to to hospital at ± 8 Canadian General & hospital where after over ten days observation he was sent to

Middlesex Hospital in London and the trouble diagnosed as cancer of the larynx. Here he had a full course of deep ray treatment & over a period of about three months and was sent to there convalescent home to report back to Middlesex in three weeks for a thorough examination. A Canadian ambulance arrived there three days later and he was taken to # 7 Can. Gen. Hosp. at Birmingham where he lay for seven weeks as the had no facilities to treat him. Eventually when the # 16 took over they arranged to send him to Scotland but before he could be moved an emergency tracheotome operation had to be performed and that delayed the move two more weeks. On getting there he was

put on the D.I. list but still
no treatment for eight weeks more
then they allowed him to go to
Paisley for two weeks vacation and
from which he refused to go back
to Hairmyres after the military
doctor in Paisley who visited him
said it was a disgrace to send him
home in such a condition. He was
then promised ~~treatment~~ attention
and sent to Ballochmyle hospital
but the authorities on finding they
could not help much arranged to
send him to Stobhill hospital on
Glasgow. I have just been to see
him and he is very much
disapointed and has almost completely
lost his voice, cannot eat or drink
without first having an anaesthetic
and is in an ear, nose and throat
ward together with eight children
and a radio which plays noisily and

is really very disturbing. I have personally tried to contact some Canadian Military authority near home but all I can really do is rely on the Red Cross who have been exceptionally helpful but after nineteen weeks lying waiting for suitable accomodation it dont seem the best place he could come for cancer treatments. I am therefore taking the liberty of writing to you personally as I feel you can't be aware of all the passing around my husband has had for so little specialized treatment. Is it not possible still that he could go back to Middlesex Hospital where they have special wards for his trouble and for which he still has a very high estimation of their staff and ability in this line

Yours respectfully

Margaret Edmiston

Dear Sir,

D.117506 Sgt. Edmiston A.J.
Your Ref. 10/Edmiston A.J./1 (AMD2)

Thank you for your letter of 30th October in regard to the case of the above named soldier. I am well acquainted with the facts related to him and have done, indeed, everything which I possibly could to ease the position so far as he and his wife are concerned. The situation is a most distressing one. As you know he declined to return to Hairmyres Hospital after a period of leave and I thereupon had him admitted to Ballochmyle Hospital in the hope that he might settle down in conditions as comfortable as possible. He failed to do this, however, and consequently I had him transferred to Stobhill Hospital which is one of the cancer centres in the Western District. It has, however, been found impossible to do anything very active on his behalf and the prognosis remains bad in the extreme. I am now rather at a loss, however, to know what further change could possibly benefit him. The fact of the matter is that the whole of the deep x-ray therapy resources in Scotland are grossly overtaxed and with the best will in the world, I very much doubt whether I could prevail upon any of the controlling authorities to give him special treatment on compassionate lines. The difficulties are certainly grave and I sympathise with the position in which his wife finds herself. The best I can offer at the moment is, however, to make the suggestion that if she cared to do so I should be glad to see Mrs. Edmiston here. Perhaps you will kindly pass on this message to her along with my assurance that her husband has been by no means lost sight of and that we shall continue to do anything which is possible on his behalf.

Yours faithfully,

Re: D.117506 Sgt. A.J.Edmiston, C.D.C.,
(deceased)

Dear Sir:

We have received a visit from Mr. John Edmiston, 579 Forest Street, Kerny, New Jersey, brother of the above-named deceased in connection with the repatriation to the United States of the deceased's wife and three children who are now residing at 21 Glen Street, Paisley, Scotland. Sgt. Edmiston died at Stobhill Hospital, Glasgow, Scotland, on November 16th, 1943.

I am advised that Mrs. Edmiston is a British subject although the children were born in the United States. According to Mr. John Edmiston they have been trying wi without success for some time to get to this country. He did not know what the difficulties had been and he was unable to inform me with whom Mrs. Edmiston had already been in touch.

Would you kindly take this matter in hand and advise me what may be done to expedite the transfer to the United States of the subjects in question.

Yours sincerely,
