Dear Mrs. Le Noury:

It is with deep regret that I must confirm our recent telegram informing you that your husband, Flying Officer Harold Frederick Le Noury, is reported missing on Active Service.

Advice has been received from the Royal Canadian Air Force Casualties Officer, Overseas, that your husband and the entire crew of his aircraft failed to return to their base after taking off to carry out air operations over Dusseldorf, Germany, on November 2nd, 1944.

The term "missing" is used only to indicate that his whereabouts is not immediately known and does not necessarily mean that your husband has been killed or wounded. He may have landed in enemy territory and might be a Prisoner of War; and should you receive any card or letter from him please forward it at once to the Royal Canadian Air Force Casualties Officer, Air Force Headquarters Ottawa. Enquiries have been made through the International Red Cross Society and all other appropriate sources and I wish to assure you that any further information received will be communicated to you immediately.

Attached is a list of the members of the Royal Canadian Air Force who were in the crew of the aircraft together with the names and addresses of their next-of-kin. Your husband's name will not appear on the official casualty list for five weeks. You may, however, release to the Press or Radio the fact that he is reported missing but not disclosing the date, place or his unit.

Permit me to extend to you my heartfelt sympathy during this period of uncertainty and I join with you and the members of your family in the hope that better news will be forthcoming in the near future.

Yours sincerely,

R.C.A.F. Casualty Officer,
for Chief of the Air Staff.

Dear Mr. Le Noury:

Further to my letter of November 8th, information has been received from Overseas regarding the aircraft of which your son, Flying Officer Harold Frederick Le Noury was a member of the crew.

I am indeed sorry to say the report states that the aircraft was discovered near Virviers, Belgium, and that the bodies of six of the seven members of the crew have been found with the aircraft and buried in the United States Cemetery near Henri Chapelle by members of the United States Army. Although the wreckage of the aircraft was positively identified, as it evidently exploded upon striking the ground it was not possible to identify the six crew members who were found. As there were seven members in the crew and the six recovered could not be identified, I feel sure you will understand that it cannot be definitely established that your son was in the aircraft when it crashed and that he must still be considered missing.

I realize that this information will be a great shock to you but I feel sure that you would wish to be advised of it. I know just how anxious you must be to obtain additional details and I do wish to assure you that everything possible that can be done to obtain further details has been undertaken. Just as soon as any information is received I will communicate with you at once.

Please accept my deep sympathy in this time of great anxiety.

REPORTED MISSING NOV. 2ND 1944

RECEIVED
JAN 29 1945

Dr. M. Kumer, c/o,
R.C.A.F. Casualty Officer
for Chief of the Air Staff.

Dear Sir:

Your letter dated January 18th, was received, and is indeed a great shock to me, but as was stated in your letter I would want to be advised of it, and any further details.

As six bodies were found, and one of the Crew is still missing, there is a possible chance that he is still alive. My husband Flying Officer Harold Frederick LeRoy, being the Navigator, I feel certain that he had a pretty fair chance of being that lucky one. However I have enquired around at a near by Air Station and found out what I could about the trap doors of a Halifax Bomber, which was the type

(2)

[redacted] Aircraft my husband was in this night he was reported to be missing.

I do not understand about the crew not having any identification whatsoever, especially when they are issued to them for just such purposes, so if the missing Air man did not have any identification he is liable to turn up almost anywhere.

Enclosed you will find a picture that I accidentally came across this evening, in the February issued of the New World Magazine, which is printed in Toronto, Canada. The man whose picture I have drawn a circle around is identical, to my husband. In fact his features, build, height are exactly the same. I am also enclosing a photo of my husband.

Could it be at all possible to trace this person immediately upon receipt of this letter, through the Pub-

(3)

lishers of this Magazine, they in turn getting in touch with the Foreign Correspondent & Photographer, and whoever took this photo to find out definitely who this man in the picture is.

It may be possible that he was found by the Russians, (as anything can happen these trying days it seems, among them miracles,) not yet been reported as to his whereabouts, and that he is hiding out in disguise and had this picture taken for a purpose in hopes that someone would see it.

As finding any clues to who the missing Airman is, means everything to all the Airmens Families, and to relieve our anxiety, kindly reply at once.

If I can do anything further regarding more details, or pictures of my husband kindly notify me as soon as possible. My

phone number is 7-4798.

Yours sincerely,

Mrs. Phyllis V. LeHarry.

Dear Mrs. LeNoury:

In reply to your letter of January 26th regarding your husband, Flying Officer Harold Frederick LeNoury, I have had his photograph and the magazine picture thoroughly checked and I am sorry indeed that while there would appear to be a certain resemblance, the person shown in the magaiine picture is very much younger indeed than your husband and it is felt that it cannot be him. This opinion is further supported by the fact that the magazine pictures are all of Russian boys in a Russian Cadet School.

I feel sure you will agree that if your husband had succeeded in reaching Russia, there would be no need of him concealing his identity. I have forwarded the pictures to the Director of Pulbic Relations with the request that every effort be made to establish the identity of the person you advise resembles your husband. I am very much afraid, however, that it will be impossible to do this.

As the report from Overseas stated that the aircraft evidently exploded upon striking the ground, you will understand how the identification discs were not discovered. I realize how very difficult it is for you in this trying time and I wish to again assure you that the authorities Overseas are doing everything possible to obtain information and as soon as any news is forthcoming regarding your husband I will advise you immediately.

Enclosed are the pictures of your husband and the newspaper clipping as you requested.

As soon as I receive the results regarding the picture in the New World I will inform you.

May I again offer you my most earnest sympathy.

Yours sincerely,

R.C.A.F. Casualty Officer,

RECEIVED 1946 MAY 30 CASUALTY SECTION

30-5-46

Dear Sir:

This letter is being sent to you, in the hope that I will be able to find out the important information, which I am desperately seeking. I fully realize what a tremendous job your Department did during war-time, but now I feel I have a right to ask for your help in this very serious matter. Copies of the letters and telegrams, which I am about to quote from should be in the above mentioned file. I am, to say the least, very dissatisfied with the meagre information I have, as to my husband's exact identity. Both my husband's mother, Mrs. Ada LeNoury, and numerous others, as well as myself do not understand why I have not received any personal effects, from the wreckage or from F/O LeNoury's body.

On Nov. 6th, 1944. I first recieved a telegram informing me that my husband was missing in action. Nov. 2nd, 1944. Then on Nov. 8th, 1944. I recieved a

letter from you stating that the crew were still missing, and up to that date, the aircraft had not yet been found.

On Jan. 18th. 1945, appropimately 2 months, 10 days later, from the date of my first telegram, another letter was sent to me by you, stating that 6 of the 7 members of the crew had been found with the aircraft, which was positively identified as their aircraft. These 6 bodies were buried in the United States Cemetery near Henri-Chapelle, by members of the United States 1st. Army. On good authority I was told, direct from the records in England that the plane crashed through the second story of a house and on Dec. 13th, 1944, were discovered by the Americans. That then would be about 5 weeks after the crash, until they were found and could not be identified. The situation at that time then is: 6 bodies found; buried un-identified, and 1 missing:

Then nearly 4 weeks later to be exact from Jan. 18th, 1945. to Feb. 14th, 1945, I received another telegram, stating that F/O LeNoury, previously reported missing, is now reported killed, Identification having been made.

Then on Feb. 17th, 1945, I received a letter from Air Commodore, D. E. MacKell, confirming the telegram of Feb. 14th. 1945. This letter stated that according to a second report received from Headquarters of the United States 1st. Army, my husbands body had now been identified, and was buried in Grave #49, Row 3. Plot E. Cemetery No. I. at Henri-Chapelle.

Now this is what I am diving at:

1. When the 6 bodies were first found they could not be identified, but were buried.
2. There was no mention of any disks or any other personal effects being found.

I have received all of my husband's effects from his station in England, but these do not include the following articles, which I am positive he must have had on his person the night of the crash on Nov. 2nd. 1944.

1. Stop watch
2. His own watch
3. Gold signet ring with initials H.F.L.
4. Three (3) Disks or dog tags - 1 of which is fire proof.
5. Cigarette lighter with initials H.F.L.
6. Two - (2) Apartment keys from home, which he carried with him at all times.

Now first in connection with the bodies:

How is it possible, that if 6 bodies were buried on Dec. 13th. 1944, including F/O Le Noury's body, that on Feb. 17th, 1945. or thereabouts, nearly two months later, for them to be identified "AFTER" burial. when it was absolutely impossible to identify Harold, my husband, at the time of burial.

Was the grave RE-OPENED???

Now for the identification of personal effects: If a Disk or any such identification was found, after

the snow had melted, or later on, around the scene of the wreckage, I understood that they are mailed to the next of kin (in this case myself) just as soon as is humanly possible, so in that case I should have received something long before now. If they had been found by the Germans, the enemy would most likely have taken all their indentification, but however as it was the Americans who found them, it is very doubtful indeed that they would have stripped them of their identity, knowing full well that their comrades', next of kin would be so anxious for further news and proof.

At first we thought perhaps the Disk may have been nailed to the cross, but this was proved not to be the case, as one of F/O. Le Noury's brother, Lt. E. J. LeNoury, (who was in action with the Army for over 5 years) visited the grave at Henri-Chapelle in May 1945, just prior to returning from overseas, and found No Disk nailed to the cross.

Therefore it seems to me, that neither of these ways mentioned were the ones which were used to arrive at the conclusion of the identification of my Husband. How then was Harold LeNoury IDENTIFIED? I must know! I cannot rest until I do know; or have some piece of mind. If any of these items, above mentioned were salvaged, and not destroyed by fire, then they should be in my possession, as they would not be on his body when he was buried, or he would have been identified then. This would give me proof. Under the circumstances of the

crash, identity of Harold's body was impossible.

Also I have not as yet received a Death certificate. At the time when the accounts and such like, were being straightened out, my husband's Insurance Agent enquired at Ottawa about a Death certificate, and he was told by Ottawa, that F/O Le Noury's files were all mixed up, and he therefore had quite some difficulty in securing one. I understood also that when an Airman was missing for a period of one year, a Death certificate was then issued, in order to close out the records. However in F/O Le Noury's case when he was said to have been identified for sure within 3 months, after the crash, this is all the more reason, why it would seem logical, that I should have had his Death certificate, shortly after the 3 months were up, but as I have mentioned previously, to date, I have still not received it. Also one Airman who was posted at Crumlin, near London, Ont, who knew Harold, wrote to me, at the same time as we received the news, that Harold's name was posted on the bulletin board at Crumlin, as having been "Presumed Killed", on the same date that I received the word that Harold, was "Killed in Action."

As there were 7 in F/O Le Noury's crew, was the 7th body ever found, and if so, when was it found, where was it located, and which crew member was it identified as. Also, how many of the 6 bodies originally buried were finally identified, and when were they identified? I will be anxiously awaiting your reply.

Very urgently yours,
(Mrs) Phyllis V. Le Noury.

(2) If only one beneficiary, complete as follows: I give, devise and bequeath unto "my wife, Mary Brown, 26 Cherry Avenue, Ottawa, Ontario, all my estate", in which event, strike out clause (3). If more than one beneficiary, set out in clause (2) what each is to receive, such as—

"my wife, Mary Brown, 26 Cherry Avenue, Ottawa, Ont.....$.....00 and my household goods and effects",
"my mother, Ethel Brown, 480 Yonge St., Toronto, Ont. .....$.....00",
"my sister, Margaret Brown, 480 Yonge St., Toronto, Ont.....$.....00",
"my friend, John Smith, 60 LaSalle St., Winnipeg, Man.....$.....00",
and any personal gift, if desired.

(3) If any specific gifts have been made in clause (2), the testator should name the person or persons to whom he desires to give the balance of his estate in clause (3), such as "my wife, Mary Brown, 26 Cherry Avenue, Ottawa, Ontario" or "my mother, Ethel Brown, and my father, George Brown, of 480 Yonge Street, Toronto, Ontario, equally" or as desired.

(4) Failure to appoint an executor or an executrix can only result in additional expense in the settlement of the estate in question. Testators are, therefore, strongly urged to make such an appointment. A beneficiary or legatee under the will may be appointed executor or executrix. It is recommended, however, that testators avoid appointing as executor any person on or likely to be on Active Service.

(5) Do not omit to date the will. The testator should sign the will with his usual signature in the presence of two witnesses, each of whom should immediately thereafter, and in the presence of the testator, sign his or her name, and insert his or her address and occupation in the place provided. No person who receives any benefits under the will should act as witness. It is preferable, though not essential, that the witnesses be persons not on Active Service.

GENERAL

Generally speaking, under the Laws of most of the provinces, a will revoked or cancelled by marriage of the testator after the date of the will is invalid; it is advisable, therefore, immediately upon marriage to make a new will.

When completed, leave with Commanding Officer for transmission to the Records Office for safe custody.

Dear Sir,

In regard to the will of the late D.C. Le Noury H.D. J. 37183 which you forwarded to me last week, I see it was made out in October 1942.

During the period my brother was overseas, we at different times, discussed personel matters, and before going on active operations over Germany, he mentioned, the fact that he had made out a new will, If this was so, and he being with an R.A.F. squadron, said will may not have reached you.

Would you, in the interest of his parents, investigate this, and let me know your findings.

Respectfully yours

1. This officer was reported 'Missing' by Air Ministry signal PCX 372 dated November 4, 1944, after operations over Dusseldorf, November 2nd, 1944.

2. Signal PCX 360 dated December 6, 1944, from Air Ministry, stated re my PCX 372 dated November 4, 1944:-

3. Next-of-kin, Mrs. LeNoury, was advised of both reports, and it was pointed out to her in the second notification that as only six were reported to have lost their lives and there were seven in the aircraft, her husband must still be considered as 'Missing'.

4. Signal from Air Ministry, PCX 403 dated February 7, 1945, stated:-

7. The next-of-kin of referenced personnel, including Mrs. Le Noury, were then advised that their relations, previously reported 'Missing', were now reported 'Killed', and a confirming letter was despatched to Mrs. LeNoury, which in part was as follows:-

> "It is with deep regret that I must confirm our recent telegram informing you that your husband, Flying Officer Harold Frederick LeNoury, previously reported missing, is now reported killed on Active Service.
>
> Advice has been received from the Royal Canadian Air Force Casualties Officer, Overseas, that a second report received from Headquarters of the United States First Army, states your husband's body has now been identified. He is buried in Grave No. 49, Row 3, Plot E, Cemetery No. 1, at Henri-Chapelle, which is situated approximately seventeen miles east, northeast of Liege, Belgium."

8. As Mrs. LeNoury has stated in her letter to the Minister, she was advised that the seventh body had been found and identified. There is no record on file that Mrs. LeNoury telephoned these Headquarters, but she quite possibly could have done so, as practically all personnel who were here at that time have now been retired, and if she was told - as she states - that she should never have received the letter which she refers to, undoubtedly the officer who spoke to her would have advised her to that effect, but unfortunately, as outlined in the foregoing paragraphs, the information that her husband had presumably lost his life and none of the crew could be identified, was the information received from Overseas, who replied to these Headquarters by signal that the information that identity had been made was subsequently received to the original information.

9. There is nothing on file whatsoever that Mrs. LeNoury required a Certificate of Death. Such a certificate could have been supplied to her at any time since February 20th, 1945. Certificates of Death have been prepared and despatched to the Sun Life Assurance Company, and the Prudential Assurance Company, of England, and it is not policy to forward Certificates of Death to next-of-kin unless they are applied for, consequently no such Certificate has been sent to Mrs. LeNoury. Attached to this memorandum is a Certificate of Death.

Hon. Colin Gibson,
22 Homewood Ave.,
Hamilton, Ontario.

Dear Sir:

For some considerable length of time now, about two years to be exact, there has been something very important which has been troubling me very deeply. It is concerning the death of my husband, Flying Officer Harold Frederick LeNoury, and the matter regarding his Death Certificate.

I have written letters direct to Ottawa, in the past two years, asking about his Death Certificate and also to enquire as to why I have not received it. Is there any particular reason why this Certificate is being withheld?

In other such cases where the airman has been reported 'Killed', this is not the procedure, as I have tried very hard to find out any information in connection with this matter. I have now come to the conclusion, that after two years of enquiries that my Husband Harold's case is a very unusual one under the circumstances and I have come to you, Hon. Colin Gibson, in the hope that you will help me to clear it all up.

Anything would be better than this constant wondering and waiting.

As I have stated before, I have asked Ottawa point blank for the Certificate or any means of identification from the crash which was in Virviers, near Liege in Belgium on November 2nd, 1944.

About five weeks later from the time of the crash, six (6) bodies were found, but could not be identified. All (6) were buried 'unidentified' at that time I was told that my Husband must still be considered to be missing, as there were (7) seven in the crew altogether. Later after I phoned Ottawa I was informed that I should never have received this letter. I could not understand being told this.

Then on February 14th, 1945, I received a final Telegram stating that my Husband's body was positively identified. This as you will notice is about one month after they were buried that he was positively identified. The seventh body was not discovered until July 1945, some seven months from the date that the remainder of the crew were first found.

Therefore as far as Official word is concerned Harold is positively dead yet I have received no Death Certificate. If it is 'Final' I understand that one is issued automatically as soon after word is received as possible. However in cases where they are 'Presumed Dead' or 'Missing', at the end of the one year period a Certificate is issued to the 'Next of Kin'. This is what puzzles me too.

It is with great anticipation I will be awaiting your reply in the sincere hope that you will be able to straighten out Harold's case for me.

Yours sincerely,

Mrs. Phyllis Victoria LeNoury.

Dear Mrs. LeNoury:

I wish to acknowledge and thank you for your registered letter of December 11th relative to the difficulty you have been having regarding the issuance of a death certificate for your husband, Flying Officer Harold Frederick LeNoury.

I will request my Colleague, the Honourable Brooke Claxton who is now the Minister for the three Services, to supply me with the full details of this case. I deeply appreciate your concern and I trust that the matter may be satisfactorily clarified in a very short while.

May I offer you my sincerest sympathy in your sad loss and my condolences for the upset that has been yours by virtue of your not having received an official death notification.

Yours very sincerely,

I realize there is little which may be said or done to lessen your sorrow, but it is my hope that these "Wings", indicative of operations against the enemy, will be a treasured memento of a young life offered on the altar of freedom in defence of his Home and Country.

Dear Mrs. LeNoury:

Further to my letter of December 18th, the Minister of National Defence has supplied me with full details regarding your enquiry and in consequence I am enclosing a Death Certificate for your husband, J.37183 Flying Officer Harold Frederick LeNoury.

In the report which I have received, the R.C.A.F. state that at no time was a specific request made for a certificate of death and although as you state you phoned into Air Force Headquarters no record unfortunately is available of this conversation.

As you can probably understand, the majority of the officers who were working on the R.C.A.F. casualty work have now been retired from the Service and it would be very difficult to trace what action was taken. In any case, it has not been the custom of the R.C.A.F. to forward Certificates of Death unless they are specifically required by the direct next-of-kin. Certificates of Death are automatically supplied, however, to insurance companies and in the case of your husband these certificates have been forwarded to the Sun Life Assurance Company and the Prudential Assurance Company of England.

I hope that this will satisfactorily alleviate your worries in this regard. May I again tender to you my most sincere sympathies.

Yours very sincerely,

W.O. Davis
Private Secretary

Mrs.F. Le Noury,

Hamilton, Ontario.

Dear Mrs. Le Noury:

I would like to refer please to my letter of November 24, 1951 concerning a report from the Canadian Ambassador to Belgium, regarding dedication ceremonies of the monument erected to the memory of your son, Flying Officer Harold Frederick Le Noury and his crew at Jalhay, Belgium. You will wish to know of another report received from the Ambassador, of a commemorative ceremony that was held at the Memorial on September 20, 1953. The Ambassador's report is as follows:

> "Yesterday, Sunday September 20, there was another commemoration service at Jalhay.
>
> This time the ceremonies consisted of a High-Mass of commemoration for those who lost their lives in the Second World War and especially for the crew of the R.C.A.F. craft who met their death at Jalhay on the autumn of 1944. There was an impressive attendance and this time the ceremonies were held under the auspices of the 'Front Unique des Anciens combattants de Verviers' or, in other words, the several Chapters of the Belgian Legion of the Verviers District.
>
> After mass, M. Adans and I, laid wreaths on the village War Memorial. This having been done, we proceeded to the Canadian Memorial about one kilometre away and there laid additional wreaths. M. Adans read a speech in which he undertook, in the name of his family, always to maintain the monument and its surroundings, in the memory of those airmen who had come from so far overseas to help achieve the liberation of their country. I replied, I hope, not unsuitably. After this, we repaired to M. Adans' Cafe where a reception was held".

The kindly action of M. Adans was called to the attention of the Prime Minister, who wrote to M. Adans under date of November 25, 1953, and for your information, a copy of Mr. St. Laurent's letter is attached.

Yours sincerely,

(W.R. Gunn)

Dear Sir.

I am interested in the clipping which I have cut out from our Hamilton Spectator paped to day; my son Harold was killed at the war. What I would like to know is will everyone who lost a son or husband have an invitation or just a few, special ones, I will always feel the pain it has caused me when he did'nt return, as it has also left my daughter who is 29 years old with a nervous breakdown, ever since he went away. I am thankfull that my two other sons who were at Dieppe and Italy came back but the loss of the oldest can never be forgotten.

Am enclosing this letter, so you can see the account of when he was killed.

Would the trip going to England be at a reduced rate, or just for those who can afford the passage at regular rates. I thought perhaps you could give me some information on that, if you can't where would I have to write for it, I would take my daughter for the change.

Yours sincerely
Mrs. Fred Le Mowy.

Hamilton, Ontario.

Dear Mrs. LeMoury:

It is with regret that I again refer to the loss of your husband, Flying Officer Harold Frederick LeMoury, but you will wish to know of advice received from our Overseas Headquarters which states that he has been re-interred in the Hotton British Cemetery, 30 miles southeast of Namur, Province of Luxembourg, Belgium. Your husband's resting place has been registered as Grave No. 3, Row E, Plot 3.

This is a British Cemetery in Belgium and will be turned over shortly to the Imperial War Graves Commission (of which Canada is a member), who are responsible for the reverent and perpetual care of the resting places of all our Fallen. The cemeteries will be beautified by landscaping and the planting of shrubs and flowers, and a headstone will be erected at each grave. Unhappily, there are great numbers of these headstones to be erected and it will quite naturally take considerable time. It is not necessary to write to the Imperial War Graves Commission, as you will be contacted by them before the stone is prepared.

May I again offer you my most sincere sympathy in your great loss.

Yours sincerely,

R.C.A.F. Casualty Officer,
for Chief of the Air Staff.
