Dear Mr. Lussier:

It is a privilege to have the opportunity of sending you the Operational Wings and Certificate in recognition of the gallant services rendered by your son, Pilot Officer J.E.J.B.G. Lussier.

I realize there is little which may be said or done to lessen your sorrow, but it is my hope that these "Wings", indicative of operations against the enemy, will be a treasured memento of a young life offered on the altar of freedom in defence of his Home and Country.

CIRCUMSTANTIAL REPORT.

FLYING BATTLE - MARAUDER FK. 362 - 8th FEBRUARY, 1944.

SIGNAL A.865 - 10th FEBRUARY, 1944.

Marauder FK. 362 took off on a ferrying flight from Grottaglie Aerodrome at about 08.30A hours on 8th February, 1944, en route for Blida. In view of the load carried and the muddiness of Grottaglie Aerodrome, the Captain was briefed to land at Bone to refuel. The normal non-operational route was to be followed.

The crew was as follows:-

133798	F/O	G.A. CROSKELL	Captain
1335323	SGT	MILFORD, K.S.	Second Pilot
J.21596	F/O	IRWIN, J.H.	Navigator
1191722	SGT	SIMS, A.J.	WOP/AG.
SR.778761	F/S	ELLENBOGEN, P.	Air Gunner
R.127280	F/S	LUSSIER, J.E.G.	Air Gunner
624799	F/S	CLIMPSON, T.C.	Passenger

F/Sgt Climpson was a passenger, returning to Squadron Headquarters for disposal on completion of his tour.

F/O Croskell had been briefed to carry out this flight the previous day, but it had been cancelled due to bad weather. At about 07.00 hours on 8th February, he telephoned for a weather forecast, and this was checked by the Squadron Commander who ordered him to proceed.

No signal was received from the aircraft, and it was not until the following day when the Squadron Commander returned to Blida that it became known that Marauder FK. 362 was missing, no departure signal having been received at Blida. Broadcast requests for news of this aircraft yielded negative replies until 14th February, 1944, when Malta stated that an unidentified aircraft was seen to crash into the sea in position 36° 10'N 16° 16'E at 10.50A hours and that Air Sea Rescue searches by launches revealed only aircraft wreckage. This crash ties up accurately with the missing Marauder.

The lack of warning signals is at present being investigated by No. 242 Group.

3rd April 1944.

Dear Miss Jacob,

In reply to your letter of the 23rd March 1944 requesting information concerning W.O.2. J.E.G. Lussier, I regret that I must confirm that he was reported missing after air operations on the 8th February 1944.

He was a member of the crew of a Marauder aircraft which took off on a transit flight in the North African area, and failed to reach its destination. No information has since been received concerning W.O.2. Lussier or any other members of the crew.

Concerning F/Sgt. R.M. Watts, I regret that he was also reported missing on the 12/13th July 1943 after an attack on Turin and no information has since been received concerning him.

Due to the time which has elapsed it is felt that there can now be little hope that he still survives, and action is therefore proceeding to presume, for official purposes, that his death has occurred.

Please accept my sympathy with you in the loss of your friends.

Yours sincerely,

(A.B. Matthews) Wing Commander,

12. REMARKS BY UNIT COMMANDER (to be given under three separate headings) :—

Part A. Remarks as to circumstances preceding the incident. (If it occurred at night or at an airfield the nature of the lighting system in use at the time is to be noted in Part A.)

Part B. Diagnosis of all contributory factors. The manner in which any particular factor contributed to the incident is to be clearly indicated.

Part C. General remarks (including any recommendation with regard to personnel, training, airframes, engines, accessories, etc., and notes of any action taken as a result of this incident).

A. F/O. Croskell (133793), and crew, plus one passenger was airborne in FK. 362 from Grottaglie airport at 0937 on Feb. 8th 1944. He was briefed to land at Bone, en route to Blida, and failed to arrive.

B. In my opinion, there are three factors which may have caused the loss of this aircraft. (i) Possibility of water in petrol (ii) Structural failure (ii) Luggage improperly stowed in bambay well, resulting in fouling of rudder and/or the elevator cables. Structural failure of the fin and rudder assembly has occurred on this type of aircraft before, as a result of which a modification was brought out in the Middle East, where FK. 362 was modified. A later modification carried out to squadron aircraft in North Africa was however considered superior.

A. All aircraft which have the Middle East modification to the fin and rudder assembly are being modified in accordance with North African specifications. Petrol has and is being carefully checked.

13. REMARKS BY STATION-COMMANDER (and notes of any action taken as a result of this incident) :—

(i) Was any assistance rendered in rescue work after the accident, which is considered worthy of recommendation? Yes or No..... If any such assistance was rendered, the recommendation is to be forwarded separately.

(ii) Remarks.

F/O. Croskell was detailed by Wing Commander Law Wright DSO., DFC., to feery Marauder FK.362 from Grottaglie to Blida. He was briefed to leave Grottaglie on February 7th, but owing to bad weather, the trip was postponed until the 8th February. He took off at 09.37 on the 8th for Bone where he was briefed to land en route to Blida, and where he was instructed to refuel and obtained briefing for the flight from Bone to Blida.

No wireless messages were received from the aircraft and the first indication this Unit had of its non-arrival was when a 'request-news' signal was received by 286 Wing Coastal on 12th February.

F/O. Croskell was carrying his Flying Log Book at the time so I am unable to say what his total flying hours were. He had, however, completed at least 150 hours of his operational tour and in my opinion was an experienced pilot, on Marauder aircraft. His total hours on Marauder aircraft as a Captain would be approximately 220 hours.

J90022 (DPC)

Ontario,
20 November, 1952.

Mr. Joseph E. Lussier,
35 Main Street,
Laval des Rapides,
Montreal 9, P.Q.

Dear Mr. Lussier:

It is with reluctance that after so long an interval, I must refer to the loss of your son, Pilot Officer Joseph Emile Jean Baptiste Gerard Lussier, but due to the lack of any information concerning him since he was reported missing, it must be regretfully accepted and officially recorded that he does not have a "known" grave.

Due to the extreme hazards attending air operations there are, unhappily, many thousands of British aircrew boys who do not have "known" graves and all will be commemorated on General Memorials that will be erected at a number of locations by the Imperial War Graves Commission (of which Canada is a member), each Memorial representative of a theatre of operations. One of these Memorials will be erected at El Alamein, and the name of your son will appear on that Memorial.

The attached verification form was received from the Commission with the request that it be forwarded on to you for completion and return direct to them.

I realize that this is an extremely distressing letter and that there is no manner of conveying such information to you that would not add to your heartaches. I am fully aware that nothing I may say will lessen your great sorrow, but I would like to express to you and the members of your family my deepest sympathy.

Yours sincerely,

for (W.R. Gunn)
