# REPORT ON ACCIDENTAL OR SELF-INFLICTED INJURIES

To be rendered in accordance with instructions on the back of this form.

Date of Casualty 1/1/18	Number, Rank, Name and Unit of injured man 1st Lt. J. H. ...
Nature, Location, and Severity of injury (N.A. Field Ambulance to be notified at once if wound is believed to be self-inflicted)	

## INSTRUCTIONS.

1. These Forms are to be completed in all cases of accidental or self-inflicted injuries, involving a soldier's absence from duty, whether due to the man's own act, or that of a comrade, or to other extraneous circumstances.

2. Where several casualties occur as the result of one accident, one Form is to be completed for each Officer or other rank injured, but only one set of statements from the witnesses of the accident need be attached.

3. Full statements are to be taken by an Officer from the witnesses of the accident. These statements will be signed by the witnesses making them, and by the Officer who takes them, and will be forwarded with this Form. Where it is intended to take disciplinary action, copies of these statements should be retained by the Unit for use in lieu of a summary of evidence.

4. Where it is possible to obtain it, a statement from the injured man will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.

### Special Instructions as to Evidence in Cases of Self-inflicted Wounds.

5. In these cases the statements mentioned in paragraphs 2 and 3 above should bring out all material points, e.g., statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

6. A soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive, this charge should not be used. The charge will therefore usually be laid under Sec. 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under Section 18 for wilful maiming.

No. 715803 Lance Corporal J.W. STRONDSSTADT, 25th Canadian Battalion, ~~duly sworn~~, states,-

*ASB*  
On January 22nd., at about four P.M., I was outside my dugout, behind the Railway Embankment, near VIMY Station, when I heard a bomb explode. Looking up, I saw Private MORRISON, Brigade Bomber, running away from the Brigade Bomb Stores. He was wounded in the leg. He called for a stretcher bearer and said that another man was wounded in the shelter. Immediately afterward to more bombs exploded. I went to the Bomb Stores and found Private LONGHURST inside, badly wounded in the head, chest and left hand.

Private MORRISON stated as follows,- He and Private LONGHURST were putting away into the shelter some boxes of bombs which were piled up just outside and which they had just been cleaning. As he passed in one box he heard a click, as of a lever flying off and tried to get the box open. He was unable to do this. Private LONGHURST took the box and tried to throw it away but the bomb exploded wounding them both.

At about 4:00 P.M. on January 22nd I was sitting in my funk hole behind the Railway Embankment, when I heard a bomb explode. I went outside and heard a man call for a stretcher bearer. This was followed immediately by two more explosions. I went to the Bomb Stores which was about fifty yards away and found that Private MORRISON and Private LONGHURST, Brigade Bombers, had both been wounded.

A large number of bombs were piled up opposite the entrance of the shelter. The pile was about five feet high and was in the form of an "L", with some more boxes of bombs just opposite the short arm of the "L".

Several boxes of bombs were broken, two were blown to pieces. The damage was mostly all done to the bomb boxes which were in the small pile outside the short arm of the "L".

Private LONGHURST was lying in the shelter when found. Pile of boxes as per following diagram,
