1015/C.509/108/F1. 20th October, 1943.

Dear Mr. Rowe,

Before you receive this letter you will have been informed that your Son R.154101 F/Sgt. E.F.A.Rowe, is missing from Air Operations, and I am writing to say how profoundly sorry we all are in the Squadron.

The aircraft in which your Son was a member of the Crew took off on an Operational Sortie over enemy territory on the night of the 18/19th October, 1943, but I regret to say failed to return to base. I am unable as yet to give you any news as no messages were received from the aircraft after take off, and nothing has so far been heard of it or any member of the Crew.

There is always the possibility that they may have come down by parachute or made a forced landing in enemy territory, in which case news of this would take a considerable time to come through, but you will be immediately advised of any further information that is received.

Your Son was a popular member of a fine crew and will be greatly missed in the Squadron. This was his fifth Operational Sortie against the enemy, and he had shown great keenness and efficiency in his work, which was always carried out with a splendid courage and devotion to duty.

May I now express the sincere sympathy both of myself and the entire Squadron at this anxious time, and we all join with you in hoping and praying that some good news will eventually come through.

Yours sincerely,

S.D. Carey Foster

1. The above aircraft and crew were detailed to operate against Hannover on the 18th October, 1945, and took off at 1715 hours. Nothing further has been heard of the aircraft or any member of the crew.

2. Information from the I.S.C.C. states that Sgt. Walker was identified by the Germans, and buried together with four unknown.

3. German documents in this department state that the aircraft was shot down, presumably by flak, at 2045 hours on the 18th October, and crashed 1½ miles north-west of Negenborn, in Kreis Burgdorf. These documents confirm that Walker, who was identified by his identity discs, was buried with four unknown in the Parish Cemetery at Brelingen, near Mellendorf, which is 12 miles north by west of Hannover, on the 22nd October. No grave numbers are given, and you will note that of the crew of nine, only five appeared to be recovered. Possibly the circumstances of the crash were such that the number of bodies could not be accurately ascertained.

4. You are requested to visit the cemetery at Brelingen, and report on the burial details of the four unknown members of the crew, and ascertain the fate of the four so far unaccounted for.

5. The following particulars are reported in German documents, presumably taken from some component of the aircraft:-

Type 683 D V C No. 2 F 4581
Serial No. M.V.A.14660.

6. Map references are as given below:-

Brelingen and Mellendorf	-	L.53/X.34
Negenborn	-	L.52/C.26
Burgdorf	-	L.53/X.53 and C.69

The only Negenborn listed in gazetteers is as shown above. This place is some distance from Brelingen, being about 35 kilos. south of Hannover, and is not close to either of the Burgdorfs listed above. It is suggested that the place of crash may best be confirmed by reference to the cemetery records.

It is a privilege to have the opportunity of sending you the Operational Wings and Certificate in recognition of the gallant services rendered by your son, Flight Sergeant E.F.A Rowe.

I realize there is little which may be said or done to lessen your sorrow, but it is my hope that these "Wings", indicative of operations against the enemy, will be a treasured memento of a young life offered on the altar of freedom in defence of his Home and Country.

PSS(HQ)2168*/2M/12-48

Further to our Investigation Report ref. 4MREU/1119/2/41/P.4, we are now in a position to submit this Progress Report for your information.

2. In the course of recent distribution of German documents to Sections, a German burial card was received in this office "WALKER, RAF, 1487606, K.W." This airman, according to the burial card, was a crew member of an aircraft which crashed 1 1/2 km north west of NEGENBORN in Kreis BÜRGDORF.

3. In our Investigation Report 4MREU/1119/2/41/P.4 we have shown that the remains of crew of the aircraft which crashed at NEGENBORN was buried at BRELINGEN. The German burial card in question confirms that 1487606 was buried in BRELINGEN.

4. Perusal of cases for 1941/43 held at this office shows that 1487606 Sgt. WALKER, K.W., was the Navigator of LANCASTER P.V. 230, which forms the subject of your C.E. G. 1251 - P.409897 refers.

5. In view of the foregoing, a careful perusal in an attempt to relate the Exhumation Reports of the 5 bodies recovered from BRELINGEN Cemetery was made in order to relate them to the crew members of the LANCASTER in question.

6. Of all the 5 Exhumation Reports which are once again attached for your perusal, only the body recovered from coffin No.5 could possible be related to and identified as 52222 Flt.Off. THURLBY, L.R. He was the Special A/C/P of the LANCASTER crash of which forms the subject of this report.

7. This supposition is based on the fact that an A/G brevet and a Flt.Off.'s braid was found on the body recovered from coffin No. 5.

8. The search operations in this area have now been completed and no trace of any other crew members which could possibly relate could be found. In view of the foregoing, it is therefore recommended that contents of coffin No.5 be accepted in the name of

52222 Flt.Off. THURLBY, L.R.,

and the remaining 4 graves be registered collectively in the names of the remaining members of the crew.

9. Your observations on the subject of the above report are requested at an early date as well as final instructions on the registration of the graves.

28th July, 1950.

Mrs. Mary Rowe,
126 Salaberry Boulevard,
Chateauguay Basin, Que.

Dear Mrs. Rowe:

It is with regret that I refer to the loss of your son, Flight Sergeant Ernest Frederick Alan Rowe. A report has, however, been received from our Missing Research and Enquiry Service concerning your son and the members of his crew.

Investigating Officers of this Service located a communal grave in the north west corner of Brelingen Cemetery which, on exhumation, proved to contain the remains of your son and the members of his crew. Unfortunately, however, Pilot Officer Thurlby, the Special Wireless Operator, in the crew was the only one who could be individually identified.

In accordance with the agreed policy of the Nations of the British Commonwealth that all British aircrew buried in Germany would be moved to permanent British Military Cemeteries located in Germany, your son and the members of his crew were moved to the permanent British Military Cemetery 3½ miles west from the centre of the city of Hannover, Germany. The cemetery is known as the Hannover (Limmer) British Military Cemetery. Your son and the seven other members of the crew who could not be identified were laid to rest in multiple graves 11-14 in row D, plot 4 and these graves will be registered collectively with their names. Pilot Officer Thurlby lies at rest in grave 15.

This British Military Cemetery and the graves will be reverently cared for and maintained in perpetuity by the Imperial War Graves Commission (of which Canada is a member). The Commission will also erect a permanent headstone at your son's resting place.

It is my earnest hope that you will be comforted with the knowledge that your son's resting place is known and that it will be permanently maintained, and I would like to take this opportunity of expressing to you and the members of your family my deepest sympathy in the loss of your gallant son.

Yours sincerely,

for (W.R. Gunn) W/C
