It is with regret that I again refer to the loss of your son, Sergeant [illegible] Archibald Wilson, but you will wish to know of a report received from our Missing Research and Enquiry Service.

Through the translation of captured German documents it was ascertained that your son's crew were buried in Borne Cemetery twelve miles South South West of Magdeburg, Germany. Borne Cemetery twelve miles South South West of Magdeburg, Germany. your son's target. Witnesses told our Investigating Officers that the aircraft had crashed less than one mile North East of Biederitz/ Borne. Biederf and Borne are small villages situated adjacent to each other twelve miles South South East of Magdeburg.

The community cemetery was visited and a separate grave containing the remains of the crew was located. Identification was carried out resulting in the identification of Flight Sergeant Robin and Pilot Officer Lhead. The crew have since been re-interred in the Berlin (Hennigsdorf) British Military Cemetery in Berlin. Graves 25 to 29 in Row A, Plot 6 are being [illegible] collectively for your son and the unidentified members of the crew.

This is a permanent British Military Cemetery located in Germany, and will be turned over to the Imperial War Graves Commission (of which Canada is a member), who are responsible for the present and perpetual care of the resting places of all our fallen. The cemeteries will be beautified by landscaping and the planting of shrubs and flowers, and a headstone will be erected at each grave. Unhappily, there are great numbers of these headstones to be erected and it will quite naturally take considerable time. It is not necessary to write to the Imperial War Graves Commission, steps will be instituted by them before the stone is permanently placed.

[illegible], Canada, 21st June, 1945.

Mrs. R. V. Wilson,
27 Queen Square,
Saint John, New Brunswick.

Dear Mrs. Wilson:

You will recall that in our letter of July 18th, 1944, concerning your son, Sergeant James Archibald Wilson, it stated that advice had been received from the International Red Cross Comittee, quoting German information, that your boy had been laid to rest on January 26th, 1944, in the cemetery at Berne, Holland. You of course are aware that the International Red Cross Committee at Geneva was the only medium at that time through which information could be received from the German Government.

Since the cessation of hostilities countless German documents have come into the possession of the Allies. You can appreciate the task of sorting and segregating these documents hence the delay that ensued before this information came here. The captured German records show that your son is buried in Berne Cemetery, but the cemetery is not located in Holland. It is Berne Cemetery, Berne, Germany, which is located twelve miles south south-west of Bremen, Germany. You are aware that Bremen was the target that your son and his crew were attacking. As there are four places on Continental Europe called Berne, one being in Holland and three in Germany, one can understand how an error of this kind could occur, but there can be no doubt that the cemetery where your boy and three of his crew have also been reported buried is the one located twelve miles south southwest of Bremen. I regret that there is no further information available at this time, but you are assured that any further information received will be conveyed to you promptly.

May I express my sincere sympathy.

Yours very truly,

(W. R. Gibson) Wing Commander,
R.C.A.F. / Casualties Officer,

1045-10-1034, 25th January, 1944.

Dear Mrs. Wilson:

I regret having to confirm the telegram, dispatched, sent, notifying you that your son, Sergeant James Archibald Wilson, is missing from operations on the night of 21st January, 1944. This operation was a heavy and concentrated attack on an important German industrial target that has since proved to have been very effective. Unfortunately nothing has been heard of your son's plane since takeoff, and its loss can only be presumed to be through enemy action. There is still a possibility that all or part of the crew may be prisoners of war, but news of this could not be expected for some weeks yet.

Your son has been with us for just over a month and, unfortunately, this was his first operational trip. During the time he was with us he has always given himself wholeheartedly to whatever he undertook and has endeavoured to obtain as much information on his progress to duties as possible. I am sure you will be glad to hear of a man of his type very highly.

If any further news comes to hand, you may rest assured you will be notified immediately.

Sergeant Wilson's kit and personal effects have been collected and forwarded to the Central Depository, Colnbrook, Slough, Bucks, who, after completion of necessary details, will communicate with you as to their disposal.

May I sincerely express sympathy to you in your great loss and confirm the hope that further news may follow.

Yours sincerely,

Dear Mrs. Wilson:

Confirming my telegram of recent date, I regret to inform you that the Royal Canadian Air Force Casualties Officer, Overseas, advised me a report has been received from the International Red Cross Society at Geneva, concerning your son, Sergeant James Archibald Wilson, previously reported missing on Active Service.

The report quotes German information which states that your son lost his life on January 21st, 1944, but does not give additional particulars. The International Red Cross Society is making every effort to find the location of your son's grave. However, I feel sure you will appreciate the difficulties attendant upon securing additional details.

Since this information originates from enemy sources it is necessary for the present to consider your son "missing believed killed" until confirmed by further evidence. However, in the absence of additional information, his death will be presumed after a lapse of six months from the date he was previously reported missing.

May I express you and the members of your family of my deepest sympathy.

Yours sincerely,

Remarks:

Average navigator. Started off rather poorly with careless mistakes in D.R. and plotting but has now settled down and has made no serious mistakes during his last few trips. Works hard and is a keen type.

Remarks of Station Navigation Officer.

Ground work good but proved rather disappointing during his first few cross country exercises through carelessness. Appeared to get over this difficulty with expereince. A sensible type who will learn continually.

This chap is an average type of candidate. Is 17 lbs underweight but is of the wiry type. Handles himself very well and does tests with ease. Held the 40 m.m. test longer than anyone has previously done here. Should do well as a pilot.
