Dear Sirs:

The bearer, Mr. E. G. Burton, is anxious to become connected with the Royal Canadian Air Force. I have known Mr. Burton for several years in connection with sporting activities, and have always found him to be a very fine type of young man, eminently suited for the duties he now wishes to undertake.

The Commanding Officer,

Dear Sir:

I wish to certify that E.G. Burton was a former pupil of mine preparing for the Junior Matricualtion examinations in 1939. Burton came to me with a good back-ground having completed Grade VIII. at the St. Lambert's High School and one year at the Montreal Technical High School. In addition he has had a business experience of two years with the Chartered Trust Co., of Montreal where he was employed as clerk. At present he is with the Aetna Life Insurance Co.

During the period of one full session while Burton was under my tutorship, he showed a marked ability in grasping the fundamentals in the various subjects of matriculation. He would have successfully completed the course had he not been through unforeseen circumstances transferred to Toronto.

As an athlete, I need not make mention, for Burton is Dominion-wide known; as my student he was very diligent and hardworking. I always knew him to be an honest, upright and clean-cut young man. I do not hesitate to say that Ed. Burton will give a very good account of himself in the new field which he has chosen. It gives me much pleasure to write this letter on his behalf.

Yours truly,

H. Persad

MEDICAL OFFICER'S SUMMARY from observations during training, M.2 date at M.S.B.etc.

Personality estimate (Incl. intellectual capacity, motivation and mental attitude.
....AVERAGE: Not overly industrious: indifferent.....
GENERAL COMMENT....L.A.C. BURTON'S training has been discontinued because of his poor results in ground school and his flying which at the best is only fair.
He is somewhat temperamental and indifferent to work which I feel has been responsible for his poor showing. However, he is desirous and anxious to do his part and with effort I feel would become a good W.A.G.

He was tested again after about six hour by Squadron Leader Dryman, who definitely considered him a washout. More dual might have improved him but the opinion of his instructors and R.C.A.F. officers was to the contrary. He failed badly and consistently in ground school, so training was discontinued.

6. Remarks on Flying Progress and points which require special consideration...This student seemed to show barely normal progress up to 20 hours but was very poor on his 20 hour test. He was tested again after about six hour by Squadron Leader Drynan, who definitely considered him a washout. More dual might have improved him but the opinion of his instructors and R.C.A.F. officers was to the contrary. He failed badly and consistently in ground school, so training was discontinued.
